

FOUR TOWN SELECTMEN MEETING

The towns of Dublin, Marlborough, Harrisville and Nelson met on January 20, 2011 in the town of Harrisville at 7:00pm.

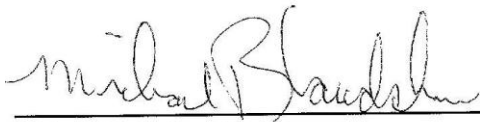

The meeting opened by Harrisville Selectmen at approximately 7:10pm. As the meeting got underway and the speakers began to discuss the mutual agreement between the towns to have an article for the sum of \$6000 from each town to pay for the services of Municipal Resources Inc. The towns did agree to do this and were in favor of hiring Mr. Donald R. Jutton of Municipal Resources Inc. to bring a unified vision and leadership to the towns.

There were some questions brought up about not letting people know what was going on with this partnership agreement. As the meeting progressed more and more questions were raised about excluding people from the meetings especially Department Heads. Also a couple of citizens were upset as the selectmen tried to explain that they were just gathering information. This was a new concept and they wanted to have some knowledge of the situation before they invited the public and Department Heads to be part of every discussion.

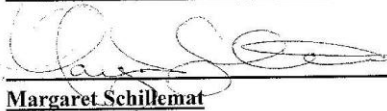

As the meeting progressed the people seemed to become more upset and didn't seem to listen as the selectmen tried to explain.

The meeting was adjourned early without much being accomplished for the evening. The meeting adjourned at approximately 8:15pm.
