- 7) Barry Tolman came to speak with the selectmen about finding a company to come in to see how much they can do and give an estimate and put it on the warrant for next year. He said we need a town hall so let's not go to town meeting again without a plan. Barry said the town hall could be stabilized now. The selectmen say it can't be patched anymore. We are at the end of our rope to keep fixing the rafters. They are decayed and break off in your hands if you grab them. We need to go into the town hall and make it as good as possible. Right now there are no monies for repairs. It needs to be correctly done.
They asked Barry if he would be interested in looking into the Fire Mutual Aid relationship with the County. They gave him a draft from a meeting of all the Fire Chiefs and the County and it appears they, Cheshire County, want to divorce themselves from the funding of Mutual Aid. The selectmen gave Barry a copy of the meeting minutes of the County and the Fire Chiefs for his perusal.
- 8) Call Bergeron Construction for an estimate on a job shingling the Town Library roof and the connector. The selectmen would like the estimate to be for stripping and the use of 35 year architectural shingles.
- 9) Mike called to adjourn the meeting at 9:55pm, seconded by Margaret, Meeting adjourned.
